

WALL BREAKERS

The cover art is a dynamic collage. At the top, the title 'WALL BREAKERS' is written in large, bold, yellow-outlined letters. Below the title, a large, blue, alien-like head with a balding top and a wide, toothy grin dominates the left side. Tentacles with suction cups are emerging from the left side of the head. To the right of the head, a yellow taxi cab is shown from a high angle, moving towards the right. Above the taxi, a purple sports car is also moving right. In the background, a city street scene is visible with buildings and a few small figures of people. In the bottom right, a woman with blonde hair, wearing a red dress, is shown from the chest up, looking upwards with a surprised expression. Her hands are raised near her face. The overall style is reminiscent of classic comic book art, with bold lines and a limited color palette.
